Lesson 1: Money Matters

TRADE-OFFS

Every decision you make has an **opportunity cost**. An opportunity cost is the trade-off of making one choice over another. For example, if you choose to play outside, you might be giving up the opportunity to read a book indoors. If you only have $3 and choose to buy a notebook with the money, you give up the opportunity to buy something else, such as pencils or a pack of gum.

**Directions:** Think about a time you gave up one choice for another. Then fill in your answers to each statement or question below.

1. Describe a time you had to make one choice over another.

2. What did you choose?

3. What opportunity did you give up?

4. Why did you make that choice?

5. How did you feel about your decision? Why?
